Comment by the CEO

Dear Stakeholders,

In our Q1 report, I highlighted that Achilles Capital is well positioned to deploy capital selectively and scale recurring earnings. Our objective remains unchanged: to grow AUM and deliver long-term value through disciplined execution.

During the second quarter, we continued to make meaningful progress:

- Re-branding to Achilles Capital, reflecting our strategic identity and long-term ambitions.
- Increased liquidity through enhanced bond sales, strengthening our financial flexibility.
- Initiation of the de-SPAC process, supporting our focus on unlocking value within the portfolio.

Subsequent to the reporting period, we further reinforced our platform through:

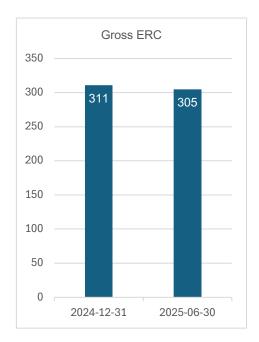

- The acquisition of EBRD's stake in AxFina, taking our ownership above 99% and consolidating control.
- The appointment of ABG Sundal Collier and Arctic Securities as advisors for our upcoming bond refinancing, positioning us to optimize our capital structure.
- Achilles Capital supported Omnio's Balance Sheet strengthening and equity issuance

At the same time, the NPL landscape in our core CEE markets remains robust, with strong underlying performance from these assets continuing to support our recurring earnings base. In addition, the refinancing of Omnio is progressing as intended, and we remain on track to close this process within the next reported quarter.

These milestones underscore our ability to execute with discipline while building scale and recurring earnings. As we look ahead, we remain focused on seizing opportunities that align with our strategy and delivering sustainable long-term value to our investors.

Sincerely,

Stockholm, 29 August 2025 Achilles Capital AB (publ), Matthew Doerner, Chief Executive Officer

Financial calendar

Achilles Capital AB (publ) intends to publish financial information on the following dates:

Q3 report for January – September 2025: 28 November 2025
Q4 report for January – December 2025: 27 February 2026
Annual Report 2025: 30 April 2026

Other financial information from Achilles Capital is available on Achilles' website, www.achillescap.com

Publication of the report

The report is available at www.achillescap.com on 29 August 2025, at 17:00 CEST.

Financial results

Adjusted gross collections (which include the incremental gross distribution from associates and joint ventures) amounted to 12.3 MEUR in the second quarter of 2025, compared to 14.2 MEUR for the corresponding period last year. After deducting commission and collection fees to third parties this resulted in EUR 11.1m of adjusted net collections being received for the second quarter of 2025 (12.0 MEUR).

Operating expenses were 5.2 MEUR in Q2 2025, 1.3 MEUR lower than in Q2 2024. Management and servicing fees of 0.5 MEUR (0.8 MEUR) were received in the quarter, and as a result, adjusted cash EBITDA totaled 6.5 MEUR in the second quarter of 2025, compared to EUR 13.8m for the same quarter in the prior year.

The operating profit for the quarter includes -0.6 MEUR (-1.0 MEUR) share of net losses of associates and joint ventures under the equity method of accounting.

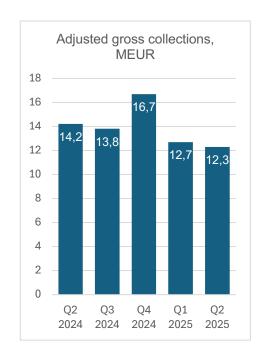

The net result for the quarter was a loss before tax of 14,7 MEUR, compared to a profit before tax of 0,1 MEUR for Q2 2024.

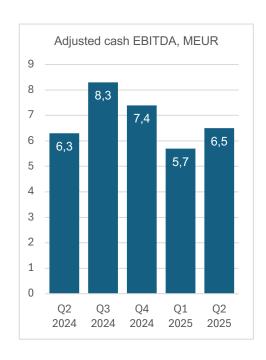

Cash flow and financing

For the second quarter of 2025, cash flow from operating activities before working capital changes was -2,5 MEUR compared to EUR – 2,2 MEUR in Q2 2024 and EUR 2,9m in Q1 2025.

Estimated Remaining Collections

ERC in relation to invested assets at 30 June stands at 305 MEUR compared with 311 MEUR at year end. The majority of the ERC is expected to be received within the next three years.

Notes

Note 1. General information

Achilles Capital AB (publ) ("Achilles Capital" or "the Company") and its subsidiaries (together "the Achilles Capital Group" or "the Group") is a specialized multinational investor in situations arising out of the general strategic challenges in the European banking markets. This includes investments into assets and companies previously held by financial institutions, including performing and non-performing loans and special situations. The Achilles Capital Group also engages in businesses that are related, complimentary, incidental, ancillary or similar to any of the foregoing. The Achilles Capital Group strives to create value for its stakeholders by combining significant expertise in financial services, credit underwriting and technology with a focus on operational excellence.

The Company was registered on 3 March 2016, and changed from a private limited liability company to a public limited liability company on 26 May 2016. The Company has registered offices in Stockholm, Sweden and its Swedish Corporate ID No. is 559053-6230. The address of the main office and postal address is Jakobsbergsgatan 24 111 44 Stockholm, Sweden. Achilles Capital is a wholly owned subsidiary of DDM Finance AB ("DDM Finance"), Stockholm, Sweden. The indirect parent company is Chronos Investments S.à r.l., a Luxembourg registered company owning 100% of the shares in DDM Finance AB since 1 November 2023. Prior to 1 November 2023 DDM Finance AB was a wholly owned subsidiary of DDM Group AG, Zug, Switzerland and the indirect ultimate parent company was DDM Group Finance S.A, a Luxembourg registered company.

Achilles Capital acts to directly or indirectly manage, acquire or invest in credits and/or loan portfolios, to on-lend or invest funds in group companies who directly or indirectly manage, acquire or invest in credits and/or loan portfolios and conduct related activities, to incur financing for its business and to conduct related activities.

Note 2. Basis of preparation

This interim report has been prepared in compliance with IAS 34 Interim Financial Reporting and the Swedish Annual Accounts Act. The consolidated financial statements have been prepared in compliance with International Financial Reporting Standards (IFRS) as endorsed by the EU, the Swedish Annual Accounts Act and RFR 1 Supplementary Accounting Rules for Groups issued by RFR, the Swedish Financial Reporting Board. The Parent Company's financial statements have been prepared in compliance with the Annual Accounts Act (ÅRL 1995:1554) and RFR 2 Accounting for Legal Entities and applicable statements. The instances in which the Parent Company applies accounting principles differing from those of the Group are provided separately at the end of this section on accounting principles.

The accounting policies that are most critical to the Group and Parent Company are stated in Achilles Capital AB's Annual Report for 2024, which also contains a description of the material risks and uncertainties facing the Parent Company and the Group.

In addition to the financial measures defined in IFRS, certain key figures, which qualify as alternative performance measures (APMs) are presented to reflect the underlying business performance and enhance comparability from period to period. These APMs should not be considered as a substitute for measures defined under IFRS. Please refer to page 27 for a reconciliation of alternative performance measures including adjusted gross collections, adjusted net collections and adjusted cash EBITDA for the period.

All amounts are reported in thousands of Euros (EUR k), unless stated otherwise. Rounding differences may occur. Figures in tables and comments may be rounded.

Subsidiaries

Subsidiaries are all entities (including special purpose entities) over which Achilles Capital has control. Achilles Capital controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the group and are de-consolidated from the date on which control ceases. Intercompany transactions, balances, and unrealized gains on transactions between group companies are eliminated.

E-Kancelaria Rosiński i Wspólnicy Kancelaria Prawna sp. k.	Fully consolidated	Poland	75,1%	75,1%

Joint ventures

The Company applies IFRS 11 Joint Arrangements, where the Achilles Capital Group, together with one or several parties have joint control over an arrangement in accordance with a shareholder agreement. The Achilles Capital Group's joint arrangement with B2Holding where each party holds 50% of the share capital and voting rights of CE Partner S.à r.l. and CE Holding Invest S.C.S (the "Joint Venture") is classified as a joint venture, as the Achilles Capital Group is entitled to 50% of the net assets of the Joint Venture rather than having a direct entitlement to assets and responsibility for liabilities. The equity method is applied when accounting for the Joint Venture. Under the equity method of accounting the investment is recognized at cost and subsequently adjusted to the Achilles Capital Group's 50% share of the change in the net assets of the Joint Venture since the acquisition date. The consolidated income statement includes the Achilles Capital Group's share of earnings, and this is reported under Share of net profits of joint venture.

Distributions received from the Joint Venture are not recognised in the income statement and instead reduce the carrying value of the investment. The equity method is applied from the date joint control arises until the time it ceases, or if the Joint Venture becomes a subsidiary. Upon loss of joint control over the Joint Venture, and as such the equity method ceases, the Achilles Capital Group measures and recognises any difference between the carrying amount of the investment in the Joint Venture with the fair value of the remaining investment and/or proceeds from disposal which is recognised as gain or loss directly in the income statement. The financial statements of the Joint Venture are prepared for the same reporting period as the Achilles Capital Group.

Consolidation		30 June	31 December	
Joint Ventures	method	Domicile	2025	2024
CE Partner S.à r.l.	Equity method	Luxembourg	50%	50%
CE Holding Invest S.C.S	Equity method	Luxembourg	50%	50%

Associates

Associates are all entities over which Achilles Capital has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Interests in associates are accounted for using the equity method. The carrying amount (including goodwill) of equity accounted investments is tested annually for impairment.

Financial assets at fair value

Equity-traded instruments and other investments that do not meet the criteria under IFRS 9 of cash flows consisting solely of payments of principle and interest (SPPI) and Hold to collect for being measured at amortised cost nor elected at FVTOCI are measured at fair value through profit or loss (FVTPL). Financial assets held at FVTPL are initially recognised and subsequently measured at fair value at the end of each reporting period, with any fair value gains or losses recognised through financial income or expenses respectively in the consolidated income statement. Dividends are included within dividend income from invested assets and interest income from financial assets held at FVTPL is included within Interest income on invested assets.

Financial assets held at FVTPL include investments in other entities in which the Company has a significant influence (but not control or joint control), providing that:

- its value is (or will be) a marketable value
- the investee aims to generate growth in a medium term, following an exit strategy of the Company, and
- the object of the investment is not related to the Company core business.

Post-employment benefit commitment

The post-employment benefit commitment is calculated on an annual basis. This relates to the employees that were transferred to DDM Invest III AG in November 2023. From 2024 one quarter of the estimated annual post-employment benefit commitment is recorded in the consolidated interim financial statements of Achilles Capital AB per quarter, with an adjustment in the fourth quarter for the final actuarial valuation.

Note 3. Currency translation

All entities prepare their financial statements in their functional currency. At 30 June 2024 all fully consolidated group entities have EUR as their functional currency, except for Achilles Capital Management d.o.o Beograd, which has Serbian Dinar (RSD) as its functional currency, DDM Debt Romania S.R.L and AxFina Romania S.R.L which have Romanian leu (RON) as their functional currency, AxFina Polska S.A. (previously Raport S.A.), E-Kancelaria Grupa Prawno-Finansowa sp. z o.o., Dial Tone sp. z o.o. and E-Kancelaria Rosiński i Wspólnicy Kancelaria Prawna sp. k. which have Polish Zloty (PLN) as their functional currency and Finalp Zrt., AxFina Hungary Zrt., AxFina Servicing kft. and Lombard Ingatlan Zrt. which have Hungarian Forint (HUF) as their functional currency.

Note 4. Deferred taxes

Income tax expense reported for the business year includes the income tax expense of consolidated subsidiaries (calculated from their taxable income with the tax rate applicable in the relevant country). Income tax expense also includes deferred taxes, which have been recognized on the temporary differences arising from the invested assets (difference between the reported book values for tax and accounting purposes). Deferred income tax assets on temporary differences and tax losses carried forward are reported to the extent that it is probable that future profit will be available, against which the temporary differences can be utilized.

The amount of deferred tax assets is reduced when they are utilized or when it is no longer deemed likely that they will be utilized. The Company does not have group taxation, hence each legal entity is taxed separately. Under Swiss law, net operating losses can be carried forward for a period of up to seven years.

Note 5. Revenue on invested assets

Revenue on invested assets is the net amount of the cash collections (net of direct collection costs), amortization, revaluation and impairment of invested assets. Revenue from management fees related to revenue received from third parties where the Achilles Capital Group managed the operations of these assets but did not own 100% of the portfolio.

Gross collections are comprised of cash collections from the distressed asset portfolios held by the Achilles Capital Group, before commission and fees to third parties. The gross amount of cash collected is recorded as "Gross collections" within the line "Interest income on invested assets" in the consolidated income statement. The Achilles Capital Group discloses the alternative performance measure "Gross collections" in the notes separately, as it is a common measure to monitor the performance of portfolios in the debt purchasing industry.

Net collections is comprised of gross collections from the distressed asset portfolios held by the Achilles Capital Group, minus commission and fees to third parties. The net amount of cash collected is recorded as "Net collections" within the line "Interest income on invested assets" in the consolidated income statement. The Achilles Capital Group discloses the alternative performance measure "Net collections" in the notes separately, as it is an important measurement for the Achilles Capital Group to monitor the performance of the portfolios and measure the cash available for operating expenses and to service its debt. The Achilles Capital Group believes that disclosing net collections as a separate performance measure in the notes improves the transparency and understanding of the Achilles Capital Group's financial statements and performance, meeting the expectations of its investors.

The chief operating decision maker of Achilles Capital reviews the financial outcome as a whole. Analysis is performed on a portfolio-by-portfolio basis, but the chief operating decision maker reviews the outcome of the group as a whole. Each portfolio is not considered to be an identifiable segment and the Group reports segment on an entity basis, i.e. one operating segment.

Interest income

Interest income from Omnio to the Achilles Capital Group for the second quarter and first six months of 2025 amounted to EUR 1.1m and EUR 2.1m respectively (Q2 2024: EUR 0.9m, H1 2024: EUR 1.7m), which has been recognized in interest income.

Share of net profits / (losses) of associate and joint venture

The results for Q2 and H1 2025 include 1,1 MEUR and 1,9 MEUR (Q2 and H1 2024: 0,4 MEUR and 0,7 MEUR) from share of net profits of joint venture accounted for using the equity method in accordance with IFRS.

The results for Q2 and H1 2025 include 1,7 MEUR and 3,2 MEUR (Q2 and H1 2024: EUR 1,4 MEUR and 2,4 MEUR) from share of net losses of associates accounted for using the equity method in accordance with IFRS.

Revenue from management fees and other services

Revenue from management fees and other services relate to revenue received from co-investors where the Achilles Capital Group managed the operations of the assets but did not own 100% of the portfolio and service revenues from third parties.

Acquisition of AxFina

The Achilles Capital Group acquired 50,16% of AxFina in July 2022, and 25,05% of AxFina in April 2023. The acquired business contributed net collections of EUR 1.6m and service fees of 0,5 MEUR to the Achilles Capital group for Q2 2025 (Q2 2024: net collections 2,7 MEUR and service fees of 0,7 MEUR), and net collections of 3,0 MEUR and service fees of 1,0 MEUR to the Achilles Capital group for H1 2024 (H1 2024 net collections 4,6 MEUR and service fees of 1,4 MEUR).

Note 6. Tangible assets

Tangible assets are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes expenditures that are directly attributable to the acquisition of the asset. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset as appropriate only when it is probable that future economic benefits associated with the item will flow to the Achilles Capital Group and the cost can be measured reliably. Repairs and maintenance costs are charged to the income statement during the period in which they are incurred.

The major categories of tangible assets are depreciated on a straight-line basis as follows:

Furniture 5 years Computer hardware 5 years

The Achilles Capital Group distributes the amount initially recognized for a tangible asset between its significant components and depreciates each component separately. The carrying amount of a replaced component is derecognized when replaced. The residual value method of amortization and the useful lives of the assets are reviewed annually and adjusted if appropriate. Impairment and gains and losses on disposals of tangible assets are included in other operating expenses.

Note 7. Intangible assets

(i) Identifiable intangible assets

The Company's identifiable intangible assets are stated at cost less accumulated amortization and include computer software that have finite useful lives and customer relationships. The assets are capitalized and amortized on a straight-line basis in the income statement over their expected useful lives of 5 years.

Goodwill

On the date of acquisition the assets and liabilities of acquired subsidiaries or businesses are valued at fair value and in accordance with uniform group policies. The excess of the acquisition price over the revalued net assets of the acquired company or the acquired parts of the business is recognized as goodwill in the balance sheet. Goodwill is tested annually for impairment or at any time if an indication of impairment exists.

(ii) Customer-related servicing contracts

Intangible assets also include customer-related servicing contracts which the Company may directly acquire or with the acquisition of servicing entities. These are accounted for in line with IFRS 3 and IAS 38. Contracts that satisfy the contractual-legal criterion are valued by applying the Comparative Income Differential Method (CIDM). The fair value of these intangible assets is assessed based on i) profit margin, ii) remaining duration of the contracts and iii) the possibility of renewal, amendment or cancellation of contracts. The intangible asset is amortized based on the assumed cash flow profile of the servicing contract.

Note 8. Distressed asset portfolios

The recognition of the acquisition of distressed asset portfolios is based on the Achilles Capital Group's forecast of future cash flows from acquired portfolios. Distressed asset portfolios are purchased at prices significantly below their principal value. Such assets are classified as non-current assets. Reporting follows the effective interest method, where the carrying value of each portfolio corresponds to the present value of all projected future cash flows discounted by an initial effective interest rate determined on the date the portfolio was acquired, based on the relation between cost and the projected future cash flows on the acquisition date. Changes in the carrying value of the portfolios are reported as amortization, revaluation and impairment for the period, as well as changes to the estimated projected future cash flows, and are recognized in the income statement under "Revenue on invested assets".

Distressed asset portfolios are reported at amortized cost using the effective interest method. The initial effective interest rate is calculated for each portfolio based on its purchase price including transaction costs and estimated cash flows that, based on a probability assessment, are expected to be received from the debtors of the corresponding portfolio net of collection costs.

Cash flow projections are made at the portfolio level. Assumptions must be made at each reporting date as to the expected timing and amount of future cash flows. Cash flows include the nominal amount, reminder fees, collection fees and late interest that are expected to be received from debtors less forecasted collection costs. These projections are updated at each reporting date based on actual collection information, planned collection actions as well as macroeconomic scenarios and the specific features of the assets concerned. Changes in cash flow forecasts are treated symmetrically i.e. both increases and decreases in forecast cash flows affect the -portfolios' book value and as a result "Revenue on invested assets". If there is a significant change in the credit risk estimated in relation to the amount of future cash flows of the portfolio and can be estimated reliably. This is recorded within the line "Impairment of invested assets". If there is objective evidence that one or more events have taken place that will have a positive impact on the timing or amount of future cash flows, or a negative impact on the timing of future cash flows then this is recorded within the line "Revaluation of invested assets".

If the Achilles Capital Group sells a portfolio for a higher or lower amount than its carrying value, the resulting gain or loss on disposal is recognized in the income statement (within the line "Interest income on invested assets").

The carrying values of distressed asset portfolios owned by the Achilles Capital Group are distributed by currency as follows:

	30 June	31 December
EUR '000s	2025	2024
EUR	36 958	38 430
RON	11 592	11 720
PLN	9 246	10 835
HUF	2 328	2 714
RSD	1 409	1 476
CZK	67	91
Total	61 600	65 266

The Achilles Capital Group considers there to be no material differences between the financial asset values in the consolidated balance sheet and their fair value.

Note 9. Investment in joint venture

The investment is accounted for using the equity method in accordance with IFRS 11 Joint Arrangements and has changed as follows during the period:

Investment in joint venture EUR '000s	30 June 2025	31 December 2024
Balance at beginning of the period	15 307	18 183
Additions	_	_
Share of net profits of joint venture	1 892	2 372
Incremental net distribution from the joint venture	-4 200	-5 248
Balance at end of the period	12 999	15 307

Cash distributions of 2,8 MEUR and 4,7 MEUR (Q2 2024: 1,4 MEUR, H1 2024: 2,6 MEUR) have been received from the joint venture during Q2 and H1 2025 respectively.

Note 10. Interest in associates

The investments are accounted for using the equity method in accordance with IAS 28 Associates and have changed as follows during the period:

Interest in associates EUR '000s	30 June 2025	31 December 2024
Balance at beginning of the period	40 870	29 834
Additions	-	211
Reclassification from financial assets at fair value	-	15 228
Share of net losses in the income statement	-3 190	-4 672
Share of other comprehensive income of associates accounted for using the equity method	-1 033	269
Dividends received, FX & other	-	_
Balance at end of the period	36 647	40 870

Note 11. Financial assets at fair value

Equity-traded instruments and other investments that do not meet the criteria under IFRS 9 of cash flows consisting solely of payments of principle and interest (SPPI) and Hold to collect for being measured at amortised cost nor elected at FVTOCI are measured at fair value through profit or loss (FVTPL).

Financial assets held at FVTPL are initially recognised and subsequently measured at fair value at the end of each reporting period, with any fair value gains or losses recognised through financial income or expenses respectively in the consolidated income statement. Dividends are included within dividend income from invested assets and interest earned on the financial assets is included within interest income on invested assets.

In H1 2025 EUR 2.4m was invested in Omnio and interest of 0,3 MEUR was capitalized, resulting in an outstanding balance of 30,1 MEUR at 30 June 2025 in financial assets at fair value relating to the investment in Omnio.

In Q2 and H1 2024 the Achilles Capital Group also made net investments and disposals of approximately EUR 4m and EUR 27m respectively in businesses primarily located in Sweden. These investments are classified as financial assets at fair value. The investment in Sivers Semiconductors AB was reclassified from financial assets at fair value to interest in associates in Q2 2024 following receipt of regulatory approval to acquire a further 9,719,006 shares in Sivers.

Financial assets at fair value EUR '000s	30 June 2025	31 December 2024
Balance at beginning of the period	89 666	53 198
Additions	5 103	46 881
Conversions	-	289
Loans	-52	-
Disposals	-743	-5 128
Fair value gains / (losses)	7 969	7 287
Capitalized interest	2 709	1 950
Reclassification to investment in associates	-	-15 228
Reclassification to other receivables	-	_
Foreign exchange differences	-935	417
Balance at end of the period	103 717	89 666

Note 12. Loans and borrowings

The Group had the following borrowings outstanding during the periods ending 30 June 2025:

Super Senior Bond Ioan EUR 25 MEUR

On 4 December 2024 DDM Debt issued 25 MEUR of super senior secured fixed rate bonds at 9.5%, with a final maturity date of 30 March 2027.

Bond Ioan EUR 200m

On 19 April 2021, Achilles Capital issued EUR 150m of senior secured fixed rate bonds at 9% within a total framework amount of EUR 300m. The bonds with ISIN number SE0015797683 have a final maturity date of 19 April 2026 and are listed on the Corporate Bond list at Nasdag Stockholm.

On 21 September 2021, Achilles Capital successfully completed a EUR 50M tap issue under the EUR 300M senior secured bond framework. The bond tap issue was placed at a price of 102.0%. Following the tap issue the total outstanding nominal amount of the company's bond loan is EUR 200 million.

Achilles Capital has pledged the shares in its material wholly-owned subsidiaries as security under the terms and conditions. DDM Finance AB is a guarantor of the bonds. In addition, the investors receive a first ranking share pledge over the shares of Achilles Capital. The terms and conditions of Achilles Capital's senior secured bonds contain a number of restrictions, including relating to distributions, the nature of the business, financial indebtedness, disposals of assets, dealings with related parties, negative pledges, new market loans, mergers and demergers and local credits. The terms and conditions of the senior secured bonds are available in their entirety on our website.

Bond Ioan AxFina Polska

The bond loan of 3,695 KEUR is a non interest-bearing loan which was taken on as part of the acquisition of AxFina, which in its turn took over the financial liability when acquiring its Polish subsidiary, AxFina Polska S.A. (previously called Raport S.A.). The bond loan is measured at amortized cost using the effective interest method. Since the bond as per the restructuring agreement does not have an interest component a reference interest rate was applied.

Bond Ioan E-Kancelaria

The bond loan of 3,272 KEUR is an interest-bearing loan which AxFina took over when acquiring its Polish subsidiary, E-Kancelaria in November 2023. The bond loan is priced at three-month WIBOR plus a margin of 950 basis points.

Borrowings E-Kancelaria

The short-term borrowings of 318 KEURwere taken over when AxFina acquired its Polish subsidiary, E-Kancelaria in November 2023. The borrowings have an average interest rate of 9%.

Carrying value of borrowings:

Note: Bond loans are initially reported at fair value net of transaction costs incurred and subsequently stated at amortized cost using the effective interest method.

Fair value of borrowings:

Group EUR '000s	IFRS 9 category	Fair value category	Fair value	Carrying value
at 30 June 2025				
Super Senior Bonds, 9,5%	Financial liabilities at amortized cost	Level 2	25 000	24 078
Senior Secured Bonds 9%	Financial liabilities at amortized cost	Level 2	107 629	158 419
Bonds AxFina Polska	Financial liabilities at amortized cost	Level 3	5 402	3 357
Borrowings E-Kancelaria	Financial liabilities at amortized cost	Level 3	3 202	3 202
Total			141 233	189 056
at 31 December 2024				
Super Senior Bonds, 9,5%	Financial liabilities at amortized cost	Level 2	25 000	23 853
Senior Secured Bonds 9%	Financial liabilities at amortized cost	Level 2	82 340	141 531
Bonds, AxFina Polska	Financial liabilities at amortized cost	Level 3	5 827	3 467
Bonds E-Kancelaria	Financial liabilities at amortized cost	Level 3	3 259	3 259
Borrowings E-Kancelaria	Financial liabilities at amortized cost	Level 3	102	102
Total			116 528	172 212

The levels in the hierarchy are:

- Level 1 Quoted prices on active markets for identical assets or liabilities.
- Level 2 Inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (such as prices) or indirectly (such as derived from prices). The fair value of the bond loans is calculated based on the bid price for a trade occurring close to the balance sheet date.
- Level 3 Inputs for the asset or liability that are not based on observable market data (that is unobservable inputs).

Note 14. Related parties

Achilles did not make any additional investments with related parties during Q2 2025, The total investments for the first 6 months consisted of the 0.7 MEUR in acquiring Dormy House Flat C Ltd, located within Dormy House on the prestigious Wentworth Estate in Virginia Water, Surrey. The acquisition was executed via a one-off payment in Q1 2025.

Note 15. Subsequent events

Subsequent to the reporting period, we further reinforced our platform through:

- The acquisition of EBRD's stake in AxFina, taking our ownership above 99% and consolidating control.
- The appointment of ABG Sundal Collier and Arctic Securities as advisors for our upcoming bond refinancing, positioning us to optimize our capital structure.
- Achilles Capital supported Omnio's Balance Sheet strengthening and equity issuance

^{**} The net book value of the investments in DDM Debt Management d.o.o Beograd and DDM REO Adria d.o.o. amount to EUR 1 each as of 30 June 2024 and 31 December 2023.

Matt Doerner CEO

Definitions

Achilles

Achilles Capital AB (publ) and its subsidiaries.

Amortization of invested assets

The carrying value of invested assets are amortized over time according to the effective interest rate method.

Cash EBITDA

Net collections and revenue from management fees & other services, less operating expenses.

EBITDA

Earnings before interest, taxes, depreciation of fixed assets and amortization of intangible assets as well as amortization, revaluation and impairment of invested assets.

Estimated Remaining Collections / ERC

ERC means the sum of future, undiscounted projected cash collections before commission and fees from acquired portfolios and future reasonably expected dividends, distributions or other payments from investments, in each case for the next following 120 months, either directly or as a result of any rights to collect or any rights to participate in generated amounts from portfolios or investments.

This includes the Group's share of proceeds on all portfolios purchased or other investments made, however adjusted for any profit-sharing arrangements entered into by any member of the Group and where available the market value of any portfolio acquired or investment made.

ERC is not a balance sheet item, however it is provided for informational purposes as a common measure in the debt purchasing industry. ERC may be calculated differently by other companies and may not be comparable.

Equity

Shareholders' equity at the end of the period.

Impairment of invested assets

Invested assets are reviewed at each reporting date and impaired if there is objective evidence that one or more events have taken place that will have a negative impact on the amount of future cash flows.

Invested assets

DDM's invested assets consist of purchases of distressed asset portfolios, other long-term receivables from investments, investments in joint ventures and associates and financial assets at fair value.

Net collections

Gross collections from Portfolios held by the Group less commission and collection fees to third parties (but if such Portfolios are partly owned, only taking into consideration such Group Company's pro rata share of the gross collections and commission and fees).

Net debt

Long-term and short-term interestbearing third party loans, interestbearing intercompany loans (excluding subordinated debt) and liabilities to credit institutions (bank overdrafts) less cash and cash equivalents.

Non-recurring items

One-time costs not affecting the Company's run rate cost level.

Operating expenses

Personnel, consulting and other operating expenses.

Revaluation of invested assets

Invested assets are reviewed at each reporting date and revalued if there is objective evidence that one or more events have taken place that will have a positive impact on the timing or amount of future cash flows, or a negative impact on the timing of future cash flows.

Reconciliation tables, non-IFRS measures

This section includes a reconciliation of certain non-IFRS financial measures to the most directly reconcilable line items in the financial statements. The presentation of non-IFRS financial measures has limitations as analytical tools and should not be considered in isolation or as a substitute for our related financial measures prepared in accordance with IFRS.

Non-IFRS financial measures are presented to enhance an investor's evaluation of ongoing operating results, to aid in forecasting future periods and to facilitate meaningful comparison of results between periods. Management uses these non-IFRS financial measures to, among other things, evaluate ongoing operations in relation to historical results and for internal planning and forecasting purposes. The non-IFRS financial measures presented in this report may differ from similarly-titled measures used by other companies.

Net collections:

Net collections is comprised of gross collections from the invested assets held and/or sold by the Achilles Capital Group, minus commission and fees to third parties. The net amount of cash collected is recorded as "Net collections" within the line "Interest income on invested assets" in the consolidated income statement. The Achilles Capital Group discloses the alternative performance measure "Net collections" in the notes separately, as it is an important measurement for the Achilles Capital Group to monitor the performance of the portfolios and measure the cash available for operating expenses and to service its debt. The Achilles Capital Group believes that disclosing net collections as a separate performance measure in the notes improves the transparency and understanding of the Achilles Capital Group's financial statements and performance, meeting the expectations of its investors.

Amortization, revaluation and impairment of invested assets:

The recognition of the acquisition of invested assets is based on the Achilles Capital Group's own forecast of future cash flows from acquired portfolios. Reporting follows the effective interest method, where the carrying value of each portfolio corresponds to the present value of all projected future cash flows discounted by an initial effective interest rate determined at the time the portfolio was purchased, based on the relation between cost and the projected future cash flows on the acquisition date. Changes in the carrying value of the portfolios are reported as amortization, revaluation and impairment for the period.

The financial statements of the Group have been prepared in accordance with IAS 34 Interim Financial Reporting. In addition, the Group presents alternative performance measures ("APMs"). Adjusted key figures for gross collections, net collections and cash EBITDA for the period provide a better understanding of the underlying business performance and enhance comparability from period to period, when the effect of items affecting comparability are adjusted for. Items affecting comparability can include one-time costs not affecting the Group's run rate cost level, significant earnings effects from acquisitions and disposals of invested assets, incremental distributions from associates and joint ventures and distributions from financial assets at fair value.

These measures do not have any standardized meaning prescribed by IFRS and therefore are unlikely to be comparable to the calculation of similar measures used by other companies. The APMs are regularly reviewed by Management and their aim is to enhance stakeholders' understanding of the Group's performance and to enhance comparability between financial periods. The APMs are reported in addition to but are not substitutes for the financial statements prepared in accordance with IFRS. The APMs provide a basis to evaluate operating profitability and performance trends, excluding the impact of items which in the opinion of Management distort the evaluation of the performance of our operations.

The APMs also provide measures commonly reported and widely used by investors as an indicator of the Group's operating performance and as a valuation metric of debt purchasing companies. Furthermore, APMs are also relevant when assessing our ability to incur and service debt. APMs are defined consistently over time and are based on the financial data presented in accordance with IFRS.

About Achilles Capital

Achilles Capital AB (Nasdaq Stockholm: Achilles Capital 2026) is part of the Achilles Capital Group, a specialized multinational investor in situations arising out of the general strategic challenges in the European banking markets. This includes investments into assets and companies previously held by financial institutions, including performing and non-performing loans and special situations. The Achilles Capital Group also engages in businesses that are related, complimentary, incidental, ancillary or similar to any of the foregoing. The Achilles Capital Group strives to create value for its stakeholders by combining significant expertise in financial services, credit underwriting and technology with a focus on operational excellence.
